

CaymanNetNews.com is the major source of online up-to date news and current affairs in the Cayman Islands. As we continue to strive to provide new and informative services for our online readers, we are pleased to launch **CiNTV** (Cayman Islands Net Television).

This new development will allow access to televised news and current affairs from the Cayman Islands for anyone on the Internet, anywhere in the world.

A 15-minute current affairs presentation will be produced weekly. This will be streamed every fifteen minutes, 24 hours per day, 7 days per week.

Although initially produced weekly, there are plans to produce this presentation daily in the near future.

Each fifteen-minute programme will include a total of ten 30-second commercial spots between each news segment. Each commercial will appear 96 times per day online

The presentation is recorded live to tape, there are plans for live streaming in the near future.
